

Join the Intel Sponsors of Tomorrow™

18th of November 2010
Online Webinar:
Career Opportunities for Business Students in Germany

Join us on Thursday 18th of November from 4:30 pm - 6:00 pm, as we host a webinar.

Curious about our popular **Intel Sponsors of Tomorrow™** campaign? We will share our vision, the background and what this campaign represents for Intel. Our presenters all work in different non-technical careers within Intel and will share the different **career paths** that exist for those with a business background, including a testimonial from an Intel intern-turned recent college graduate. **Gain insight** on what it is like to work at Intel and **who we are as an employer**.

If you are a student in **Marketing, PR, Sales, Entrepreneurship or any other business-related field**, and want to learn how you can start creating a better tomorrow, today, we encourage you to attend.

To sign up for the webinar online:

<https://presentations.inxpo.com/Shows/Intel/11-18-2010/Registration/registration.html>

Spots are limited and successful registrants will receive emails with additional information on how to join the event. During the presentation, the presenters will answer selected questions.

See you all there,

Intel Corporation
EUR Staffing Organization
