## Updates

1. Mail
  - a. Mailing list has been changed - ZIM is no longer responsible for mails, but AstA, which runs the mails via mailing lists that send the mails sent via the distribution list to the private mails of the FSR members.

- b. We had unsubscribed from the mailing list and would favour having a central mail account, also for better administration.
  - c. Vote: We change our official e-mail address to our G-Mail address to avoid that the honorary post overlaps with the private study contents for the members of the FSR.
    - i. In favour 4, abstentions 0, against 0
  - d. Issuing the 2 factor authentication - Anna
