MAVEN HEART

Internship / Volunteer Service

in non-profit NGO in Ghana

Your Task

- You will conduct **psychoeducational workshops** for teachers.
- Past topics included ADHD, resilience, and self-care.
- Participants appreciate when you present the content in a **lively and interactive** manner, so your creativity has no limits!

Your Benefits

- **Intercultural skills** that will aid your future therapeutic work
- **Deepening your expertise** through active engagement with workshop content
- Unique life experiences and **personal growth**
- **Combating the stigmatization** of mental illnesses
- **Meeting new people**, new perspectives: your internship abroad is a great opportunity to connect with different people

Requirements

- Psychology students from the **5th semester** onwards (earlier in some cases); **Psychologists**; **Psychotherapists**
- You are **proactive**, approach new tasks courageously, and are willing to try new things
- Ability to **self-structure**
- **Openness** to other cultures, work processes, and ways of thinking
- Good **English skills**
- Minimum stay of **3 months** (preferably longer)
