The screenshot shows the homepage of the Institut für Geowissenschaften. At the top, there is a navigation bar with links to 'Uni-Startseite', 'Uni A-Z', 'Sitemap', a language selector ('Deutsch'), and a search icon. Below the navigation is the university logo and the institute's name. The main content area features three large, overlapping sections: 'Institut' (with a photo of a modern building), 'Studium' (with a photo of a building sign for 'UNIVERSITÄT POTSDAM Gomm Haus 27'), and 'Forschung' (with a photo of two people using surveying equipment). A blue banner across the middle of the sections reads 'Interdisziplinäre Wissenschaft'. Below this banner is a subtitle: 'moderne Infrastrukturen und enge Kooperationen erlauben neue Perspektiven der Forschung'. Navigation arrows at the bottom right indicate this is the third slide in a series of three.

Das Institut für Geowissenschaften

Wir vermitteln in den MSc- und BSc-Studiengängen die naturwissenschaftlichen Grundlagen zu Aufbau, Entwicklung und Dynamik des Planeten Erde. Dieses erstreckt sich von Prozessen im tiefen Erdinneren bis zu jenen an der Erdoberfläche. Das Verständnis der Prozesse der festen Erde ist wesentlicher Bestandteil der geowissenschaftlichen Forschung und wichtiger Bestandteil für die Lösung aktueller und gesellschaftlich relevanter Umweltprobleme. Dabei bieten wir eine Vielfalt an Vertiefungsmöglichkeiten entsprechend den methodischen und inhaltlichen Schwerpunkten der verschiedenen Arbeitsgruppen, verschiedene Programme zur Internationalisierung des Studiums und eine erstklassige Graduiertenausbildung an.

www.geo.uni-potsdam.de

The screenshot shows the homepage of the Institut für Geowissenschaften. At the top, there is a navigation bar with links for 'Uni-Startseite', 'Uni A-Z', 'Site map', 'Deutsch' (with a dropdown arrow), and a search icon. Below the navigation bar, there are three main tabs: 'Institut', 'Studium', and 'Forschung'. The 'Studium' tab is currently active and highlighted in blue. On the left side of the page, there is a large image of a modern building with a glass facade and some greenery. Overlaid on this image is a blue banner with the text 'Interdisziplinäre Wissenschaft'. Below the banner, there is a caption: 'moderne Infrastrukturen und enge Kooperationen erlauben neue Perspektiven der Forschung'. To the right of the image, there is a sign for 'UNIVERSITÄT POTSDAM Golog Haus 27' which also lists 'Institut für Geowissenschaften', 'Chemiehörsaal', 'Physikhörsaal', and 'Physik Grundpraktikum'. At the bottom right of the image area, there are navigation arrows for a slide show: '< | 3 | >'. An orange circle highlights the search icon in the top right corner of the header.

At the top, there is a navigation bar with links for Home, Uni A-Z, Sitemap, English (with a dropdown menu), and a search icon. Below the navigation is the university logo and the text "Institute of Geosciences". The main content area features three large cards: "Institute" (showing a modern building), "Study" (showing a building with a sign for the Institute of Geosciences), and "Research" (showing a building with a sign for the Institute of Geosciences). A blue banner at the bottom left of the cards reads "Interdisciplinary Research". Below the cards, a subtext says "modern research infrastructures and close cooperation provides new perspectives for science". At the bottom right of the cards, there are navigation arrows for a slide show.

The Institute of Geosciences

In the Masters and Bachelors study programs we teach how to use natural sciences for understanding the structure, evolution and dynamic of planet Earth. This covers processes ranging from the deep inner Earth to those at the Earth's surface. Understanding processes of the solid Earth is the essence of geoscientific research and an important part for solving current, societally relevant environmental problems. Therefore, our curriculum offers a wide spectrum of methods and research topics drawn from the different research groups within the institute, as well as a range of international study programs, and an excellent graduate school.

Remote Sensing, geoInformation and Visualization, Examination Committee (which is selected and highlighted in blue), Excursion Calender, Student Coucil, Study in Potsdam, and Erasmus +.

Examination Committee

The Examination Committee is responsible for all issues related to degree courses offered by the Institute for Geosciences. Those are: BSc/MSc Geosciences, BSc International Field Geosciences (IFG), MSc Remote Sensing, geoInformation and Visualization (RSIV) and MSc GeoInformatik und Visualisierung (GIVi).

The Examination Committee has been approved by the Faculty for Mathematics and Natural Sciences of the University of Potsdam in September 2019 and convenes regularly to discuss and decide about recent developments.

Committee Members

Committee Members

Next Committee Meeting:

Due to Corona-restrictions there is no meeting scheduled within the next weeks. Urgent decision will be made via virtual committee meetings.

Office Hours Examination Committee

Currently, only by appointment! Please call +49 (0)331 977 5842 to get an appointment.

Tue + Thu 9-12 am and 1-4:30 pm at room 2.27.1.56.

Please check your forms and application for completeness and signatures needed. Please allow a processing time of up to one week.

Application Process

Please send your application to the address named below or hand your application to the secretariat. Emails with questions about the application process can be sent to:

Study and Examination Regulations for the Master's Program in Remote Sensing, geoInformation, and Visualization at the University of Potsdam

Dated February 15, 2017

The Faculty Committee of the Faculty of Science at the University of Potsdam has approved on February 15, 2017 the following degree and examination regulations on the basis of Section 19 subsection 1, Section 22 subsection 1, Section 22 subsections 1-3, and Section 31 in combination with Section 72 subsection 2 no. 1 of the Brandenburg Higher Education Act (BbgHG) of April 28, 2014 (Law and Ordinance Gazette [GVBl.] I/14, [no. 18]), last amended by Section 2 of the Act of July 1, 2015 (Law and Ordinance Gazette [GVBl.] I/15 [no. 18]) in combination with the Ordinance on the Design of Examination Regulations to Guarantee the Equivalency of Studies, Examinations, and Degrees (University Examination Ordinance - HSPV) of March 4, 2015 (GVBl. II/15 [no. 12]), and with Section 14 subsection 1 no. 2 of the Basic Constitution of the University of Potsdam dated December 17, 2009.

(1) These regulations apply to the Master's program in Remote Sensing, geoInformation, and Visualization at the University of Potsdam. These discipline-specific regulations supplement the new version of the General Regulations for Study and Examinations for Bachelor's and Master's Degrees (not for teachers in training) at the University of Potsdam (BAMA-O).

(2) In the event that these regulations contradict the BAMA-O, then the provisions in the BAMA-O supersede these regulations.

(3) The Master's program is suitable for part-time study. Part-time study requires advising from the relevant faculty so that an individualized plan of study can be created. Proof of this advising must be attached to an application in accordance with Section 3 of the Regulations for Part-Time Studies at the University of Potsdam (Part-Time Regulations). The provisions of the Part-Time Regulations also apply.

§ 2 Degree

The Faculty of Science at the University of Potsdam

Microsoft Word - StO_RSIV

Stand: Senat (22. März 2017), Genehmigung Präsident (27. März 2017), Genehmigung MWFK (Juni 2017) – amtliche Bekanntmachung folgt

Studien- und Prüfungsordnung für das Masterstudium im Fach *Remote Sensing, geoInformation and Visualization* an der Universität Potsdam

Vom 15. Februar 2017

Der Fakultätsrat der Mathematisch-Naturwissenschaftlichen Fakultät der Universität Potsdam hat auf der Grundlage der §§ 19 Abs. 1, 22 Abs. 1-3, 31 i.V.m. § 72 Abs. 2 Nr. 1 des Brandenburgischen Hochschulgesetzes (BbgHG) vom 28. April 2014 (GVBl.I/14, [Nr. 18]), zuletzt geändert durch Art. 2 des Gesetzes vom 1. Juli 2015 (GVBl.I/15 [Nr. 18]) in Verbindung mit Verordnung über die Gestaltung von Prüfungsordnungen zur Gewährleistung der Gleichwertigkeit von Studium, Prüfungen und Abschlüssen (Hochschulprüfungsverordnung - HSPV) vom 4. März 2015 (GVBl.II/15, [Nr. 12]) und mit Art. 14 Abs. 1 Nr. 2 der Grundordnung der Universität Potsdam (GrundO) vom 17. Dezember 2009 (AmBek. UP Nr. 4/2010 S. 60) in der Fassung der Dritten Satzung zur Änderung der Grundordnung der Universität Potsdam (GrundO) vom 22. April 2015 (AmBek. UP Nr. 4/2015 S. 60) die folgende

fachspezifische Ordnung die Neufassung der allgemeinen Studien- und Prüfungsordnung für die nicht lehramtsbezogenen Bachelor- und Masterstudiengänge an der Universität Potsdam vom (BAMA-O).

(2) Bei Widersprüchen zwischen dieser Ordnung und der BAMA-O gehen die Bestimmungen der BAMA-O den Bestimmungen dieser Ordnung vor.

(3) Das Masterstudium ist für ein Teilzeitstudium geeignet. Ein Teilzeitstudium setzt die Beratung bei der Fachstudienberatung voraus, mit dem Ziel, einen individuellen Studienplan zu erstellen. Ein Nachweis über die Beratung ist dem Antrag auf Teilzeitstudium nach § 3 der Ordnung zur Regelung des Teilzeitstudiums an der Universität Potsdam (Teilzeitordnung) beizulegen. Im Übrigen gelten die Bestimmungen der Teilzeitordnung.

§ 2 Abschlussgrad

Nach Erwerb der erforderlichen Leistungspunkte und nach Vorlage der Graduierungsvoraussetzungen verleiht die Universität Potsdam durch die Mathematisch-Naturwissenschaftliche

Remote Sensing, geoinformation and Visualization

Romanische Philologie

The Remote Sensing, geoinformation and Visualization master's degree program at the Institute of Earth and Environmental Science offers a unique combination of theoretical and practical training in remote sensing, geoinformation systems, and visualization. The program is designed to prepare students for careers in environmental science, geography, and related fields.

Program Structure

In the four-semester master's program, you will earn a total of 120 credit points, consisting of the following modules and your master's thesis: For additional information, please consult the [subject-specific Degree Regulations](#) or the [Departmental Advisory Office](#).

CONTENT AND CREDIT POINTS

Modules	Credit points
Mandatory modules	30 CP
Remote Sensing of the Environment	6 CP
Earth System Science	6 CP
Data Analysis and Statistics	6 CP
Geoinformation Systems	6 CP
Visualization and Communication	6 CP
Elective modules	60 CP
Modules adding up to 60 credit points must be successfully completed, whereby at least one module must be completed for four of the five following groups of electives:	
1. „Remote Sensing Methods“ (RSM) electives	
2. „Objects of Observation“ (OBS) electives	
3. „Data Analysis and Programming“ (DAP) electives	
4. „Geoinformation Systems and Applications“ (GIS) electives	
5. „Visualization and Communication Methods“ (VCM) electives	
Master's Thesis, including Oral Defense	30 CP
Total	120 CP

What's New

<https://puls.uni-potsdam.de>

The screenshot shows the PULS homepage with a large banner featuring the text "PULS" and a background image of a building under a cloudy sky. The top navigation bar includes links for "University Potsdam", "Veranstaltungen", "Modulbeschreibung", "WiSe 2020/21", "EN", and "DE". On the left, a sidebar lists links for "Uni Homepage", "Studium", "Zugang zu Moodle", "Anmeldungs- und Belegungsfristen", and "Verifikation von Studienbescheinigungen". The main content area contains a message to students and staff about the electronic service, followed by a login form with fields for "Benutzername" and "Passwort", and a "Anmelden" button.

Youtube video: Wie baue ich meinen Stundenplan? (
<https://www.youtube.com/watch?v=gj3SXUsjuRI>)

Youtube video: How to use PULS? (<https://www.youtube.com/watch?v=FTLUjGFvJi0>)

<https://puls.uni-potsdam.de/qisserver/rds?state=wtree&search=1&root120182=154929|151945|152452|153911|153984|153982&trex=step&noDBAction=y&init=y>

The screenshot shows a web browser window for the PULS course catalog. The header features the university's logo with "Universität Potsdam" and the word "PULS" in large letters. The top navigation bar includes links for "Courses" (which is selected), "Module Description", and "Course catalog". The main content area is titled "Course catalog (WiSe 2020/21)". On the left, a sidebar menu lists "Course catalog", "Course catalog (PDF)", "Finding a course", "Edit Lecture", "Today's courses", "Today's cancelled courses", and "Hide menu". The main content area shows a breadcrumb trail: "You are here: Home → Courses → Course catalog". Below this, there is a "View:" dropdown menu with options "short", "medium", and "long". The main content displays a hierarchical list of course modules:

- ① Vorlesungsverzeichnis
- ① Faculty of Sciences
- ① Institut für Geowissenschaften
- ① Master of Science
 - ① Remote Sensing, geoInformation and Visualization (Prüfungsversion ab WiSe 2017/18)
 - ① Pflichtmodule
 - ① GEW-RCM01 - Remote Sensing of the Environment
 - ① GEW-RCM02 - Earth System Science
 - ① GEW-RCM03 - Data Analysis and Statistics
 - ① GEW-RCM04 - GeoInformation Systems
 - ① GEW-RCM05 - Visualiziation and Communication

The footer contains links for "Datenschutz", "Kontakt", and "Impressum", along with language and date information: "Winter 2020/21", "Bodo Bookhagen (bookhage)", "Lehrender", "Logout", and "29.06".

The screenshot shows a web browser displaying the PULS (University of Potsdam) course catalog page. The header features the PULS logo with a blue sky and clouds background. The top navigation bar includes links for Vertex: ASF's..., Mail.UP uni-po..., Inbox (4) - bod..., GitHub - insarl..., Data Portal ..., Analytics, Remote Sensi..., https://up-rs-e..., Markdown Ch..., 1. The Generic..., and several other icons.

The main content area is titled "Vorlesungsverzeichnis (WiSe 2022/23)". On the left, a sidebar lists navigation options: Universität Potsdam, Veranstaltungen (selected), Modulbeschreibung, Vorlesungsverzeichnis (PDF), Suche nach Veranstaltungen, Veranstaltungen - tagesaktuell, Ausfallende Veranstaltungen, and Navigation ausblenden. The central content area shows a breadcrumb trail: Sie sind hier: Startseite → Veranstaltungen → Vorlesungsverzeichnis. Below this, there is a dropdown menu for "Seitenansicht wählen" with options: kurz, mittel, lang (lang is selected). The main content displays a hierarchical list of courses under "Vorlesungsverzeichnis":

- ① Vorlesungsverzeichnis
 - ① Mathematisch-Naturwissenschaftliche Fakultät
 - ① Institut für Geowissenschaften
 - ① Master of Science
 - ① Remote Sensing, geoinformation and Visualization (Prüfungsversion ab WiSe 2017/18)
 - ① Pflichtmodule
 - ① GEW-RCM01 - Remote Sensing of the Environment

Below this is a table with two columns: "Veranstaltungsart" and "Titel der Veranstaltung". The table contains one row with the following data:

Veranstaltungsart	Titel der Veranstaltung
<input type="checkbox"/>	Vorlesung/Übung Remote Sensing of the Environment belegen/abmelden

The footer of the page includes the text "Foto: Matthias Friel" and copyright information: "© Copyright HiS Hochschul-Informations-System eG".

<158&orderby=Kuerzel&orderdesc=DESC>

The screenshot shows a web browser window for the University of Potsdam's PULS system. The URL in the address bar is: https://puls.uni-potsdam.de/qisserver/rds?state=change&nextdir=change&type=3&moduleParameter=modul&next=TableSelect.vm&subdir=up/modul&searchOrder=y&P.sort=&r_modulkatalog_modul.mk_id=158&orderby=Kuerzel&orderdesc=DESC

The page header features the PULS logo with the text "Universität Potsdam" and "PULS". The top navigation bar includes links for "Meine Funktionen", "Veranstaltungen", "Modulbeschreibung" (which is highlighted in blue), "Winter 2020/21", "EN", "Logout", and "Modulsuchen".

The main content area displays the module description for "Modul: Remote Sensing of the Environment". It includes sections for "Modulart (Pflicht- oder Wahlpflichtmodul)", "Inhalte und Qualifikationsziele des Moduls", "Modulteilprüfungen (Anzahl, Form, Umfang, Arbeitsaufwand in LP)", and "Selbstlernzeit (in Zeitstunden (h))". A note states: "Das hier aufgeführte Modul basiert auf in den Amtlichen Bekanntmachungen der Universität Potsdam veröffentlichten Studien- und Prüfungsordnungen. Verbindliche Regelungswirkung haben nur die veröffentlichten Ordnungen."

A large table provides detailed information about the module, including its name, credits (6 LP), and various requirements and examination forms.

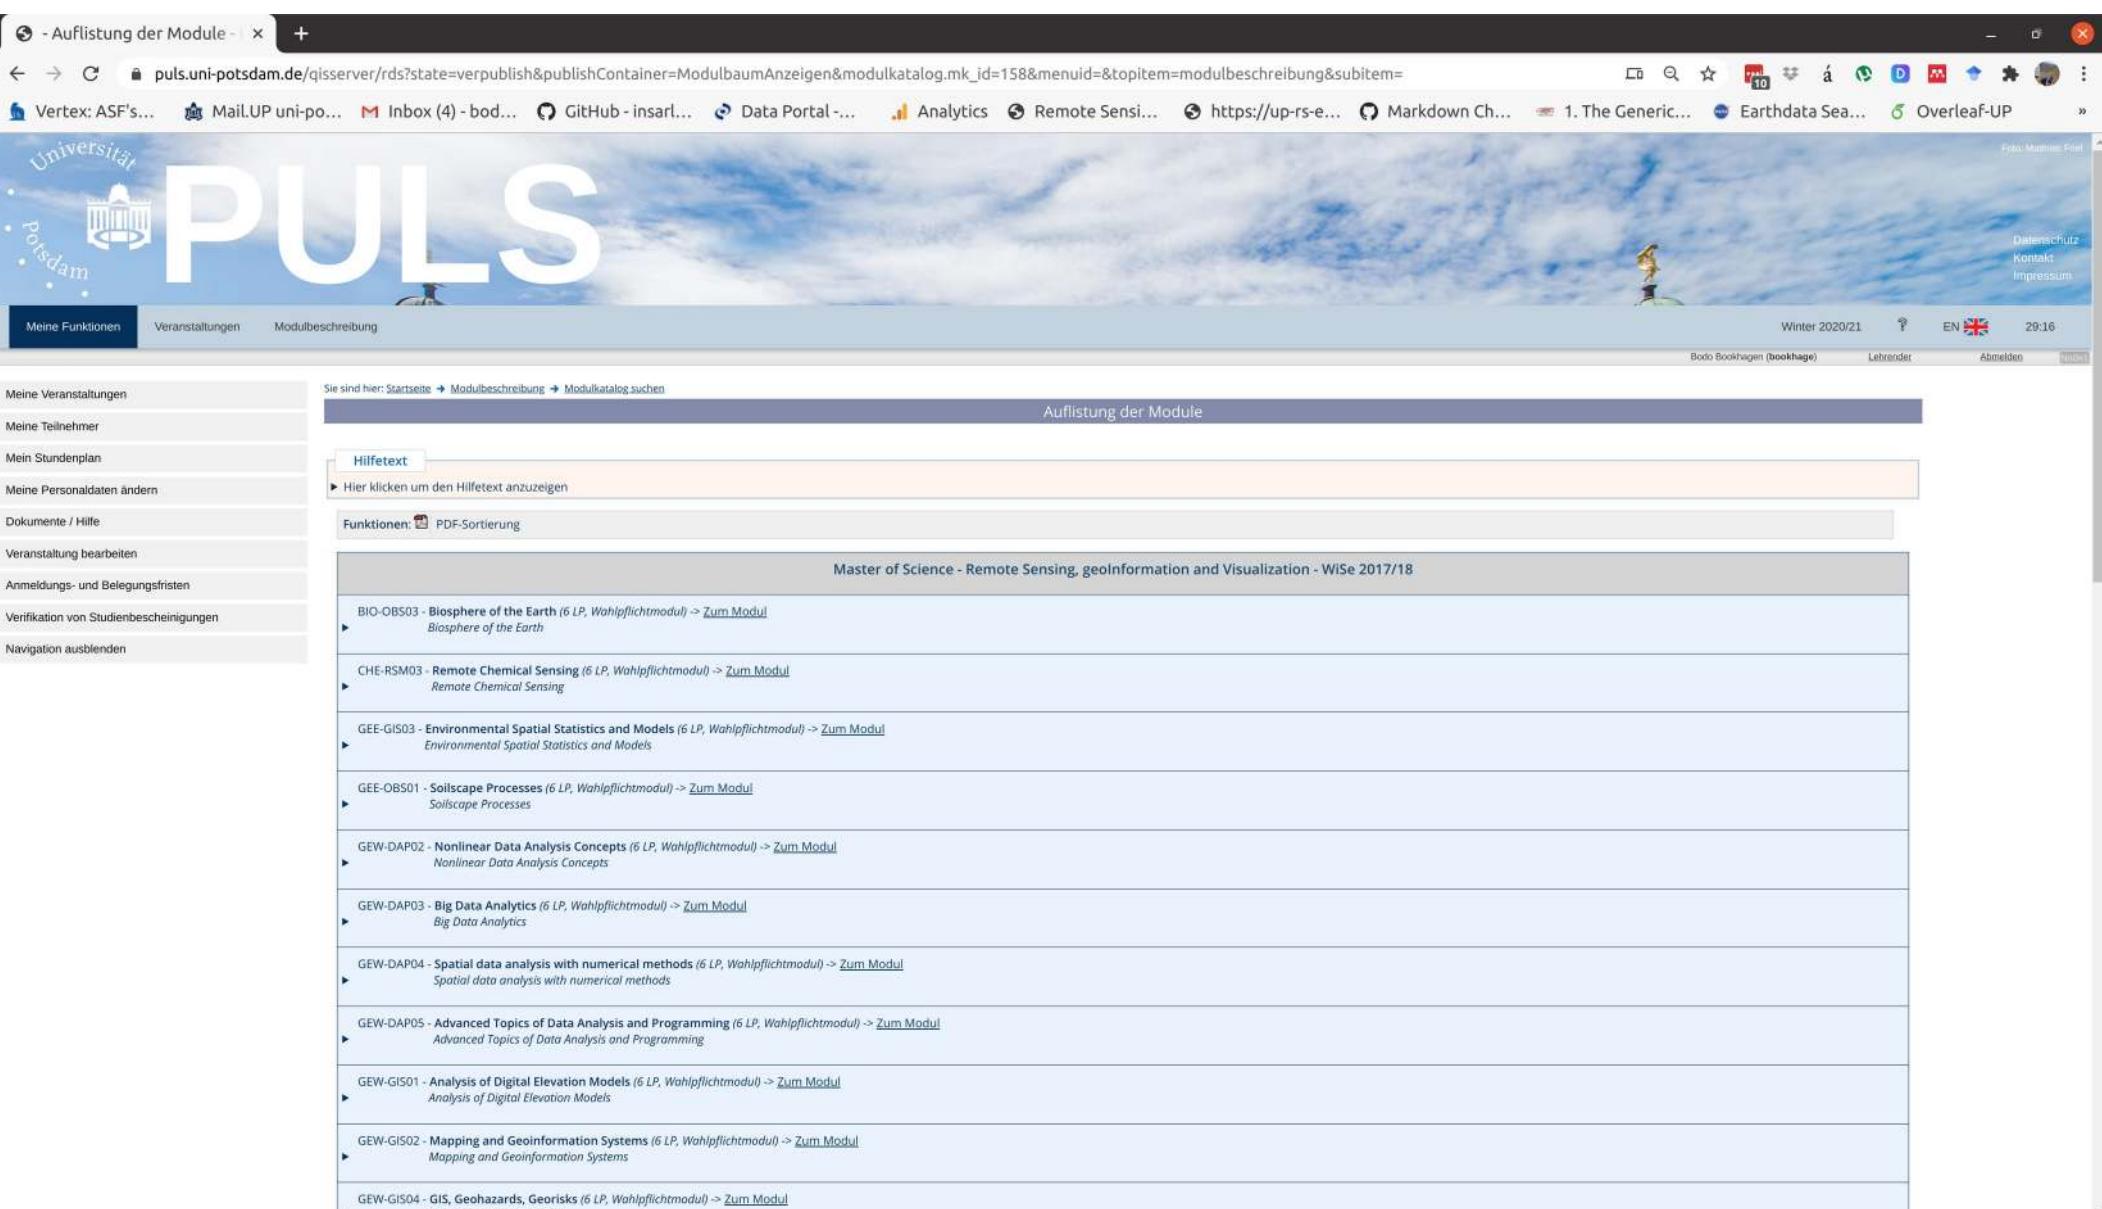

GEW-RCM01: Remote Sensing of the Environment		Anzahl der Leistungspunkte (LP): 6 LP		
Modulart (Pflicht- oder Wahlpflichtmodul):	Abhängig vom Studiengang (siehe unten)			
Inhalte und Qualifikationsziele des Moduls:	Inhalt Einführung in die Fernerkundung und deren Anwendungskonzepte. Grundlagen der elektromagnetischen Strahlung und Datenverarbeitung, Satellitensysteme und andere Beobachtungssysteme, Bearbeitung optischer und Radardaten, Konzepte und Algorithmen der Bildklassifikationen, Anwendungen in den Erdsystemwissenschaften. Qualifikationsziel Die Studierenden besitzen die Fähigkeit, digitale Beobachtungssysteme zu verstehen und deren Anwendung auf relevante Fragen der Erdsystemwissenschaften selbstständig zu planen.			
Modulteilprüfungen (Anzahl, Form, Umfang, Arbeitsaufwand in LP):	Eine Prüfung der folgende Formen: Klausur, 90 Minuten Hausarbeit, 20 Seiten Mündliche Prüfung, 30 Minuten			
Selbstlernzeit (in Zeitstunden (h)): 120				
Veranstaltungen (Lehrformen)	Kontaktzeit (in SWS)	Prüfungsnebenleistungen (Anzahl, Form, Umfang)		Lehrveranstaltungsbegleitende Modul(teil)prüfung (Anzahl, Form, Umfang)
		Für den Abschluss des Moduls	Für die Zulassung zur Modulprüfung	
Vorlesung (Vorlesung)	2	-	-	-
Übung zu ausgewählten Themen (Übung)	2	-	Übungsaufgaben (80%)	-

At the bottom, it says "Häufigkeit des Angebots: WiSe".

- **Register and sign up for your module on PULS (there are no paper lists)**
- **You must sign up for classes on PULS, otherwise no grade or credit can be given**
- **Register and sign up for exams**
You have to register for your exam, otherwise you can not take the exam. You can withdraw your registration up to 8 days before the exam.

<https://puls.uni-potsdam.de/>

- **You can only get credits for classes that are listed in the study regulations / list of modules!**
- **Modules/lectures from other departments can not be accredited (you can take them, but you won't receive credits toward your degree)**
