Official Kick-off meeting of the WASCAL Research Agenda Plan (WRAP2.0) projects

28-29 April 2022 • Ouagadougou, Burkina Faso

SPONSORED BY THE

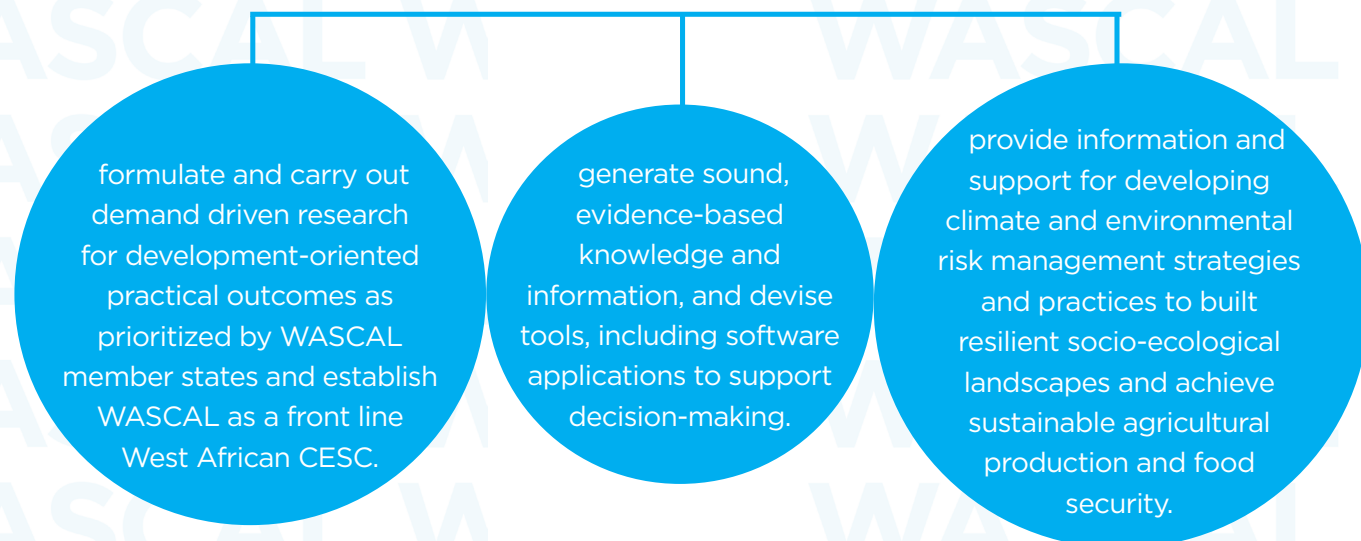

Federal Ministry
of Education
and Research

The WASCAL Research Action Plan 2021-2024 (WRAP 2) is a roadmap to a Climate and Environmental Services Centre (CESC) to deliver, by 2024, key-demand driven climate and environmental services for use by policymakers and other key stakeholders, including smallholders. Working objectives for 2022 are:

Working objectives for 2021 are:

To implement WRAP 2.0, WASCAL frames its research strategy on:

partnering with national organisations and key stakeholders to devise adapted land use practices to cope with climate change and climate variability, building up resilient socio-ecological landscapes capable of delivering ecosystem services in addition to sustaining agricultural production.

setting up climate environmental services that will help decision-makers in taking better-informed decisions to boost the emergence of a new generation of resilient smallholders' farmers.
