

NEED HELP?

ASK YOUR TUTOR!

Hello! My name is Katharina and I am the tutor for the international students of the Faculty of Human Sciences. Especially at the beginning, you probably have many questions about life and studying in Germany. Our study system differs in many essential points from that in other countries. Now and then, it can be very frightening and complicated.

That is what I am here for as a tutor. My task is to make your stay at the University of Potsdam as pleasant as possible and to support you in all study-related questions in the best possible way. Like you, I am a student at the University of Potsdam and I know the problems that the many different study and examination regulations at the Faculty of Human Sciences can cause.

A few brief information about me: I am 26 years old and originally from Schleswig-Holstein in the very north of Germany. I am currently studying French and music for my Master's degree in secondary school education and completed my Bachelor's degree at the University of Potsdam, too. Before I started my master studies, I spent one year in France and worked as a foreign language assistant at school. There I discovered that the educational systems sometimes differ greatly and that this can be very confusing.

HERE FOR YOU

As a fellow student and tutor, I am here for you if you have problems with the organisation of your studies or your timetable. You can reach me by e-mail around the clock and you can visit me in my office during the semester and during the semester break. Even if you just want to talk a little and need an open ear.

KATHARINA KUNKEL

Campus Golm
House 31, room 1.13
