

Oberseminar Wintersemester 2020-21  
Mondays, 14:15 – 15:45

Date	Speaker and affiliation	Title	Comment	Location*
02.11.2020	Prof. Dr. Anja Linstädter (UP)	Disentangling effects of changing climate and land-use on the biodiversity-ecosystem function relationship in grasslands	New head of BioDiv group	Zoom <sup>2</sup>
09.11.2020	Luise Grimm (UP)	Simulating Skylarks - a pattern-oriented analysis of a novel individual-based model	MSc	Zoom <sup>1</sup>
	Jessica Thimian (UP)	Community structures of rodent species - an individual-based modelling approach		
16.11.2020	Jonas Roth (UP)	The influence of artificial browsing on transpiration rates and interception loss of the Keystone species <i>Colophospermum mopane</i> in Namibia	MSc	Zoom <sup>1</sup>
	Helena Wiskott (UP)	Resting site selection of female Springbok ( <i>Antidorcas marsupialis</i> ) in a predator rich savanna landscape: insights from GPS tracking and remote sensing data		
23.11.2020	Jan Pufelski, Manuel Roeleke (UP)	ATLAS	PostDoc	Zoom <sup>1</sup>
1.12.2020 Tuesday!!	Dr. Francesca Cagnacci (Edmund Mach Foundation, Research and Innovation Centre)	How much humanized is humans' impact on wildlife? Distinguishing anthropic effects on animal behaviour	Joint with Eccard	Zoom <sup>3</sup>
07.12.2020	Jun.-Prof. Dr. Bertrand Fournier (UP, leader of WG landscape ecology)	Understanding biodiversity changes through trait-based multi-taxa approaches of community assembly	Joint with Linstädter, Eccard	Zoom <sup>1</sup>
14.12.2020	Chris Lobas (UP)	Animal Functional Type Modeling: Interactions in a dynamically changing landscape	PhD	Zoom <sup>1</sup>
21.12.2020	-	Christmas holidays	-	-
04.01.2021	-	Christmas holidays	-	-
11.01.2021	Lukas Mocek	Sensor.Community - global open environmental data		Zoom <sup>1</sup>
18.01.2021	Dr. Susanne Rolinski (PIK) & Stephen Wirth (PIK)	Modelling managed grasslands with LPJmL - which role does biodiversity play in a global model	Joint with Linstädter	Zoom <sup>2</sup>
25.01.2021	Dr. Lotte Korell (iDiv)	How experiments help us to understand future communities and ecosystems	Joint with Eccard, Geadke and Linstädter	Zoom <sup>1</sup>
01.02.2021	Milena Müller (UP)	Land use of two ecologically similar open habitat passerine-species in the North West Uckermark	MSc	Zoom <sup>1</sup>
	Luca Voss	Effects of different vegetation types on Namibian mammals.	MSc	
08.02.2021	Cara Gallagher (UP)	Modelling the energetics and population dynamics of marine mammals	PostDoc	Zoom <sup>1</sup>

\* Due to COVID-19, all seminars will take place online
