co-founder search

I am looking for a Co-Founder to realize a business idea. Your task will be to develop the minimum viable product based on an existing idea, and to pitch it to potential investors.

The business idea:

- Development of new solutions to reduce wait times for restaurant customers.
- Support businesses in the restaurant industry to offer online payment methods.

Your responsibilities:

- MVP development.
- App/platform development.
- Sales pitches to potential investors.

Your profile:

- Interest in co-founding a startup.
- Bandwidth and motivation to contribute time and energy.
- Skilled app/platform developer.
- Computer science students preferred.

Please contact me through LinkedIn or via email with the subject line: co-founder – eat now.
