

Universität Potsdam

## **Increased vaccination priority for university employees – Employees-list-mail from Karsten Gerlof, 10 May 2021**

Dear employees of the university,

Since last week, people working at institutions of higher education have been included in Section 4 subsection 1 number 8 of the federal [Coronavirus Vaccination Ordinance](#). This is an important new development, because it means that you are now also entitled to a vaccination against COVID-19 with increased priority if you belong to the group of the professorial teaching staff, academic staff, employees in administrative and technical services, or graduate assistants.

Upon request, the university can issue a certificate to you for presentation to the vaccination center, your GP, or other services in charge of vaccination, stating that you are employed or a civil servant at the University of Potsdam. Please contact your supervisor or the Office of the Dean to request the certificate.

Kind regards,

Karsten Gerlof
