**University of Potsdam, Campus Golm, Building 29, Seminar room 0.26**

At the invitation of projects A01 and A03

Prof. Ben Rampton (King's College London) will give a talk on

## **Linguistic Ethnography**

Drawing on US linguistic anthropology but infusing it with interdisciplinary and applied concerns of its own, linguistic ethnography has grown substantially in Britain and Europe over the last 15 years (>375 publications aligned with it explicitly in 2017, compared with just 2 in 2000).

This presentation (a) outlines its perspective and key concepts, (b) applies these in some data analysis, and maybe also (c) discusses LE's origins and inspiration.

Everyone is cordially invited.
