The University of Potsdam, Faculty of Science, Institute of Nutritional Science invites applications for the following position to be filled as soon as possible:

**Full Professorship (W 3) for Food Chemistry**

The successful applicant should have a research focus in the area of instrumental analytics and/or a topic linked to life science or toxicology. The applicant should be internationally renowned for high-ranking publications and successful acquisition of third-party funding. The research topic should complement the current research activities at the Institute of Nutritional Science, the cooperating Leibniz Institutes German Institute of Human Nutrition (DIFE) and it should offer cooperation options with the Faculty of Health Sciences, a joint faculty of the University of Potsdam, the Brandenburg Medical School Theodor Fontane and the Brandenburg University of Technology Cottbus-Senftenberg as well as cooperation with the Institute of Chemistry in Golm. Management experience or experience in the coordination of research projects is desired.

The applicant will have teaching obligations in the bachelor’s and master’s degree programs in "Nutritional Science" as well as the international master’s degree program "Toxicology". The applicant must be able to comprehensively cover the syllabus of food chemistry and food safety. Non-German-speaking appointees are expected to acquire proficiency in German sufficient to be able to interact with all colleagues, students and staff within two years.

For further information, please contact Prof. Dr. Püschel (gpuesche@uni-potsdam.de)

The following application requirements for professors must be documented in accordance with Section 41 of the Brandenburg Higher Education Act (Brandenburgisches Hochschulgesetz, BbgHG): a completed university degree, pedagogical aptitude, and a particular ability for scientific and scholarly work, typically documented by a dissertation project; comprehensive competences in science management and additional scholarly achievements as evidenced by a Habilitation (post-doctoral dissertation), a junior professorship or work as a research associate at an institution of higher education or an extramural research institution, or scholarly activity in the private sector or in another social field, whether in Germany or abroad. The appointment procedure is conducted in accordance with Section 40 BbgHG.

The University of Potsdam aims to increase the proportion of women in research and teaching and therefore expressly invites qualified female candidates to apply. The University of Potsdam values the diversity of its members and pursues the goals of equal opportunities regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, sexual orientation or identity. In the case of equal suitability, women in accordance with Section 7 (4) BbgHG and severely disabled people will be given preferential consideration. We explicitly invite applications from abroad and from persons with a migration background.
The University of Potsdam offers dual career support and coaching for newly-appointed professors: [https://www.uni-potsdam.de/en/berufungen](https://www.uni-potsdam.de/en/berufungen)

Please submit your application (including a research and teaching concept for this professorship, curriculum vitae, copies of academic certificates and documents, list of publications, list of courses taught, teaching evaluations, list of externally funded projects) via e-mail to ausschreibungen@uni-potsdam.de (in a single PDF file) within four weeks of the publication of this advertisement.
