

The **University of Potsdam, Faculty of Science, Institute of Nutritional Science**, invites applications for the following position to be filled as soon as possible:

## **Full Professorship (W 3) for Nutritional Toxicology**

The successful applicant is expected to have a research focus in a nutrition-related area of toxicology research. While a strong record of high-ranking publications and successful acquisition of third-party funding is required, scientists at an earlier stage of their scientific career are particularly encouraged to apply. The research topic is to complement the current research activities at the Institute of Nutritional Science and offer cooperation options with the cooperating Leibniz Institute German Institute of Human Nutrition (DIfE) and the Faculty of Health Sciences, a joint faculty of the University of Potsdam, the Brandenburg Medical School Theodor Fontane and the Brandenburg University of Technology Cottbus-Senftenberg. To help strengthen the analytics center of the institute, expertise in instrumental analytics is desirable but no prerequisite.

The applicant will have teaching obligations in the bachelor's and master's programs "Nutritional Science" as well as the international master program "Toxicology". The applicant must be able to comprehensively cover the syllabus of nutritional toxicology in these programs. Non-German-speaking appointees are expected to acquire proficiency in German sufficient to be able to interact with all colleagues, students and staff within two years.

For further information, please contact Prof. Dr. Gerhard Püschel (gpuesche@uni-potsdam.de).

The following application requirements for professors must be documented in accordance with Section 41 of the Brandenburg Higher Education Act (Brandenburgisches Hochschulgesetz, BbgHG): a completed university degree, pedagogical aptitude, and a particular ability for scientific and scholarly work, typically documented by a dissertation project; comprehensive competences in science management and additional scholarly achievements as evidenced by a *Habilitation* (post-doctoral dissertation), a junior professorship or work as a research associate at an institution of higher education or an extramural research institution, or scholarly activity in the private sector or in another social field, whether in Germany or abroad. The appointment procedure is conducted in accordance with Section 40 BbgHG.

The University of Potsdam aims to increase the proportion of women in research and teaching and therefore expressly invites qualified female candidates to apply. The University of Potsdam values the diversity of its members and pursues the goals of equal opportunities regardless of gender, nationality, ethnic and social origin, religion/belief, disability, age, sexual orientation or identity. In the case of equal suitability, women in accordance with Section 7 (4) BbgHG and people with a severe disability will be given preferential consideration. We explicitly invite applications from abroad and from persons with a migration background.

The University of Potsdam offers dual career support and coaching for newly-appointed professors: [www.uni-potsdam.de/berufungen](http://www.uni-potsdam.de/berufungen)

**Please submit your application (including a presentation of your research interests, curriculum vitae, copies of academic certificates and documents, list of publications, list of courses taught, teaching evaluations, list of externally funded projects) via e-mail to [ausschreibungen@uni-potsdam.de](mailto:ausschreibungen@uni-potsdam.de) (in a single PDF file) within six weeks of the publication of this advertisement.**
