## Working Student (f/m/d) - SAP Enable Now

### What we offer

Our company culture is focused on helping our employees enable innovation by building breakthroughs together. How? We focus every day on building the foundation for tomorrow and creating a workplace that embraces differences, values flexibility, and is aligned to our purpose-driven and future-focused work. We offer a highly collaborative, caring team environment with a strong focus on learning and development, recognition for your individual contributions, and a variety of benefit options for you to choose from. Apply now!

### About the team

You will join the SAP Enable Now team.

You will be assigned to a development support team that is part of a cross-functional, co-located product organization located in Berlin. Our development process is built around agile principles, namely Scrum. The complete product lifecycle is covered by our organization, so you will not only be involved in development but also get insights into product planning, quality management, maintenance and support.

Your colleagues are experienced developers who will welcome you as an addition to their team and provide you with all the help you need.

### The role

Do you have a passion to make the world a better place? This job is for you. You will work as a developer with focus on development, embedded in a Development Support and Scrum team, spending most of your day to create and work on innovative solutions.

In our software suite, you will find several different technologies and programming languages that will give you plenty of opportunity to test and develop your skills and to deliver value for our customers.

### Role requirements

- Student (f/m/d) at a university or a university of applied sciences
- Preferred fields of study: informatics, business informatics
- Computer skills: JavaScript, Java
- Solid knowledge of database technologies (big plus: HANA)
- Excellent understanding of web technologies (HTTP, HTML5, XML, JSON)
- Very strong analytical and problem-solving skills
- Language skills: fluent in English, German as a plusPlus
