[General MacOS Delete profiles ZIM-Support](#)

General

With eduroam, registered users can access the academic network easily, quickly and without additional registration, not only at their own institution but also at other academic institutions. The eduroam WLAN is embedded in corresponding European projects (see www.eduroam.org), which should also enable the transparent use of scientific networks across borders. There are no additional costs for eduroam users, as is the case for the use of commercial hotspots, for example.

Access and requirements

The University of Potsdam offers comprehensive coverage with EDUROAM wireless LAN (WLAN) on its campus. The WLAN hardware consists of 2,500 access points in a redundant 100 Gbit/s backbone network.

Members, students and employees of the University of Potsdam thus have access to the internet. Encrypted Wi-Fi access via eduroam (short for: education roaming) is also available at many participating educational and research institutions worldwide. Eduroam is also available to visitors from other educational and research institutions at the University of Potsdam, provided that the home institution also participates in eduroam.

User name and password

Authentication: In order to establish a connection, you must enter your user name and password when setting up. As a Uni-Potsdam user, please use your username:

- **central university account (UP account)** with the addition @uni-potsdam.de. Do not use your e-mail address in the format nachname@uni-potsdam.de.
- Use your **UP account password** as the password.

Technical information

Connection: To set up eduroam on the device, you always need an active internet connection (e.g. via a mobile hotspot).

Security: The eduroam network at the university is protected with WPA2-Enterprise, i.e. communication between the access point and the end device is encrypted so that not everyone in the vicinity can read the network traffic. To ensure a secure installation, this must be set up using a configuration profile from cat.eduroam.org. A direct WLAN login with user name and password is therefore not recommended.

Locations: Participating institutions can be easily found via the eduroam Companion app. The service is described at the following URL: <https://eduroam.org/eduroam-companion-app/>.

In order to be able to use eduroam at other locations without any problems, it must be set up via the apps or with profile installation. If you set up the connection manually, a connection at other locations will not work.

VPN note: An additional VPN connection to the university's data network is required for intranet access. A service description for the [VPN University of Potsdam](#) is available on the ZIM web pages "Offers & Solutions" or the search term: "Uni Potsdam VPN".

MacOS

Note that any existing eduroam configuration under macOS must be deleted first!

--	--	--

1. Please visit <https://cat.eduroam.org/?idp=5077>
2. Click on "Download eduroam installer" to start the download. Run the installer.
3. Then go to System Preferences (gear icon) and click on 'General' and "Devices." Double-click on the eduroam profile and then click on "Install..." and "Continue" in the new window.
4. Now enter the following:
Enter your **UP account** as the username, followed by @
uni-potsdam.de.
Enter the password for your UP account and confirm by clicking on "Install."
5. In the new window, you must enter your administrator ID. The following message may appear: *"Profiles/MDM wants to make changes. Enter the name and password of an administrator to allow this."*
6. Once the installation is complete, you can connect to the eduroam WLAN.

Apple macOS <ol style="list-style-type: none">1. Go to System Preferences (gear icon) and click on "General" and "Device Management."2. Click on the minus symbol and confirm that you really want to remove the profile.	 A screenshot of a macOS System Preferences dialog box. At the top is a gear icon with a checkmark inside. Below it, the text reads: "Möchtest du das Profil „eduroam®“ wirklich entfernen?". Underneath, a smaller line of text says: "Wenn du dieses Konfigurationsprofil entfernst, werden die Einstellungen auf deinem Computer geändert." At the bottom are two buttons: "Abbrechen" (Cancel) and "Entfernen" (Remove) in red text.

ZIM support for eduoram

Write a ticket to ZIM by emailing: zim-service@uni-potsdam.de or via the support form: <https://www.uni-potsdam.de/de/zim/beratung-hilfe/supportanfrage>.

Visit us directly at the technician WLAN office hours at the locations:

Am Neuen Palais

Where: House 2, Room 0.01. und 0.06

When: Tuesday 9:00 - 11:00 am and Thursday 1:00 - 3:00 pm.

Contact persons: Hr. Kersch, Hr. Großholz, Hr. Lehmann

Golm

Where: House 8, Room 0.08

When: Tuesday 1:00 - 2:30 pm

Contact persons: Hr. Kolossov, Hr. Pippig

Griebnitzsee

Where: House 1, Room 1.47

When: Monday 1:30 - 3:00 pm
