

Vacancy

Student | Research Assistant

Reference number: 001/2018

10 hours per week or more

As part of the project "The German Internet Institute" the Chair of Business Informatics, esp. Social Media and Data Science of the University of Potsdam offers a position as a student | research assistant (SHK | WHK with or without degree) for 10 or more hours per week starting from August 30, 2018 or earlier. Your office will be in the center of Berlin in Hardenbergstraße 32, 10623 Berlin (near station Zoologischer Garten).

We offer:

- Participation in interesting research projects
- Opportunity to gain research experience
- Working with a young and dynamic team
- Flexible working hours

Your tasks:

- Support with programming tasks
- Scraping / crawling of websites
- Website and / or app development for experiments

Desired knowledge and skills:

- Studies in Informatics or equivalent
- Programming skills (e.g., Python)
- Practical knowledge in web scraping / crawling (e.g., Jsoup, Scrapy)
- Software development skills (e.g. Java, HTML/HTML5)

Please send your application documents (cover letter, CV, copies of certificates), quoting the above mentioned reference number, via e-mail to Ms. Antonia Köster (akoester@uni-potsdam.de) by July 01, 2018.

We are looking forward to your application!

Additional information:

The aim of the German Internet Institute is to investigate the interactions between digitalization and society. The project is funded by the Federal Ministry of Education and Research (BMBF). The consortium is coordinated by the Berlin Social Science Center (WZB) and includes the four Berlin universities – Freie Universität Berlin, Humboldt-Universität zu Berlin, Technische Universität Berlin, Universität der Künste Berlin – as well as the Universität Potsdam and the Fraunhofer Institute for Open Communication Systems (FOKUS).
