

Questionnaire:

The newly founded Faculty of Health Science aims to hire young promising experts in their field of expertise. Scientific metrics including cumulative impact factors, h-index and others can only provide evidence of scholarly excellence to a limited extent. We created this questionnaire to give you the opportunity to explain your work to an educated audience that is not limited to experts from your field.

Please answer the following questions clearly and precisely with no more than 1000 characters for each question.

1. What is your field of research interest?

2. What is your most important scientific contribution to your field thus far?

3. What are your four most important papers and why do you consider them the most important? (Explain in max. 1000 characters for each paper)

Porsdam

chnische Universität

4. What research activities do you have planned for the next five years?

5. How did you work on creating transparent and reliable research, and did you implement good scientific practice?

6. How much do you value science as a team effort? What are your most important collaborations?

7. What are your interactions with actors from the health system (patient care, policy panel, etc.) or industry?

8. Do you have relevant patents or other forms of scientific achievements (such as codes or programs or other)?

9. What is your contribution to educationally valuable teaching?

10. Have you been involved in academic self-government? If yes, please explain your role.

11. Are you active in communication of science? How and where?

12. What is your view on gender equality and diversity in science? What are your plans regarding addressing inequality?

der Universität Potsdam, der Medizinischen Hochschule Brandenburg Theodor Fontane und der Brandenburgischen Technischen Universität Cottbus-Senftenberg

13. How will your research contribute to the new Faculty of Health Science in Brandenburg?

der Universität Potsdam, der Medizinischen Hochschule Brandenburg Theodor Fontane und der Brandenburgischen Technischen Universität Cottbus-Senftenberg
